❁ Dear

Did you know that all my elves have been talking about you? They were so happy to visit with you on the North Pole Express. Did you have as much fun as they did? They especially loved scrumptious cookies. They were delicious! What was your favorite part?

When we all returned to the North Pole, the elves and Mrs. Claus told me how very impressed they are with what you have accomplished this year. I am very proud of you, too! Only a few more days until Christmas. Keep up the good work. I will be coming by your house soon. Don't forget to leave out the cookies and milk. I get hungry from my long journey.

Remember, keep up the great work and I will see you soon!

Love,

Santa
